

# Marion County Springs Fest September 24th, 2011

## EXHIBITOR and VENDOR Application

Marion County Springs Festival, Inc has been working to "Preserve Marion County Springs through Awareness and Stewardship" for a decade now. It has been the work of many individuals and agencies involved with protecting Florida's natural resources and focusing on the aquifer, springs, and water impacts. Everyone is invited to celebrate the beauty of THE REAL FLORIDA through song contests, photo and art contests, guided walks, snorkel tours, kayak outings, guided canoe tours, celebrity chef lunch, Silver River clean-up, music and much, much more. Visit [www.springsfest.org](http://www.springsfest.org) to view the wide range of activities planned for the Festival.

The Springs Fest has spaces for individuals, agencies, and other groups involved with water and water quality issues to set up a booth or table. We are inviting you to bring your educational material for distribution and discussion with the public. All exhibits should focus on Florida's vast water resources. Please feel free to share this information with groups involved with preserving or restoring Florida's Natural Resources.

**Please complete the sections that applies to your organization or business:**
