

# Marion County Springs Fest September 24th, 2011 Volunteer Application

The Marion County Springs Fest has been working to "Preserve Marion County Springs through Awareness and Stewardship" for a decade now. It has been the work of many individuals and agencies involved with protecting Florida's natural resources and focusing on the aquifer, springs, and water impacts. Everyone is invited to celebrate the beauty of THE REAL FLORIDA through song contests, photo and art contests, guided walks, snorkel tours, kayak outings, guided canoe tours, celebrity chef dinner, Silver River clean up, music and much, much more. Visit [www.springsfest.org](http://www.springsfest.org) to view the wide range of activities planned for the Festival.

The Springs Fest has needs for individuals, agencies, and other groups interested in becoming involved with water and water quality issues facing our ecosystems. Please feel free to share this information with groups involved with preserving or restoring Florida's Natural Resources. Volunteer today to help make a difference for tomorrow!

Individual FULL Name:	Group/Organization Name:
Email Address:	Website Address:
Phone Number:	Number of Group Participants:
Emergency Contact and Phone:	Are you 18 or older: Yes    No
Have you ever been convicted of a felony or first degree misdemeanor? Yes    No	Any special needs:
